Portrait Sessions

Photo Op Studio gives you one price for your session and your high resolution image files for download (Jpegs). We provide all of our clients with two private galleries. A download gallery and a print/product e-commerce gallery for great products such as wallet-size prints to large canvas wall art. All products are produced by Bay Photo Inc out of California and ship directly to you. Both galleries provided will be live for up to 60 days after your images are delivered. You may share your gallery links with anyone you wish. All print/product prices are in addition to the session pricing below.
