### **Wedding Photography Premium Package**

All of my couples, their stories & wedding days are unique and I treat them as such. All of my clients are offered a complimentary engagement session. This fun, casual session is very advantageous for my clients and I to get acquainted in front of my lens. These are great for announcements, save the date cards, invitations or just for your own private viewing.

We cover your day according to your needs and expectations. Once I capture your wedding I cull & edit your images, removing duplicates & "blinkers" from your collection. I upload your images for download and also to your own, private password protected gallery for previewing & purchasing prints and other wonderful products. Now you, your friends & family can browse your gallery for up to 60 days. I offer a variety of prints, enlargements, canvases & household items that can be purchased and shipped directly to you. Once an order is placed, we do final edits and retouches to make them print ready. We can take up to 7 days to retouch orders and then ship 7-10 business days after your order is processed.

The very talented team at Zookbinders (Zookiepro) then designs your wedding album. Prior to production we offer online proofing & up to 4 free spread changes. Each additional spread change is \$20 thereafter. Your album will be produced and shipped directly to you within 30 business days of final approval. Album investment funds are good for up to 1 year from your wedding date. Clients forfeit all monies and credits towards their wedding album 366 days and beyond the date of their wedding. Photo Op Studio reserves the rights to withhold any albums that have remaining balances due and any monies collected for albums that are unfinished 366 days after the wedding date.
